I was there from the beginning, when Donald Trump first announced his candidacy. I was there when he won the Republican nomination, and I was there when he won the presidency.

I saw it all firsthand, and I'm here to tell you, it was the craziest campaign in American history.

Trump's campaign was unlike anything anyone had ever seen before. He broke all the rules, and he said whatever he wanted, whenever he wanted.

His rallies were like rock concerts, and his supporters were like a cult. They loved him, and they would do anything for him.

But Trump's campaign was also full of controversy. He was accused of racism, sexism, and xenophobia. He was investigated by the FBI, and he was even impeached by the House of Representatives.

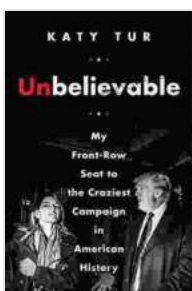

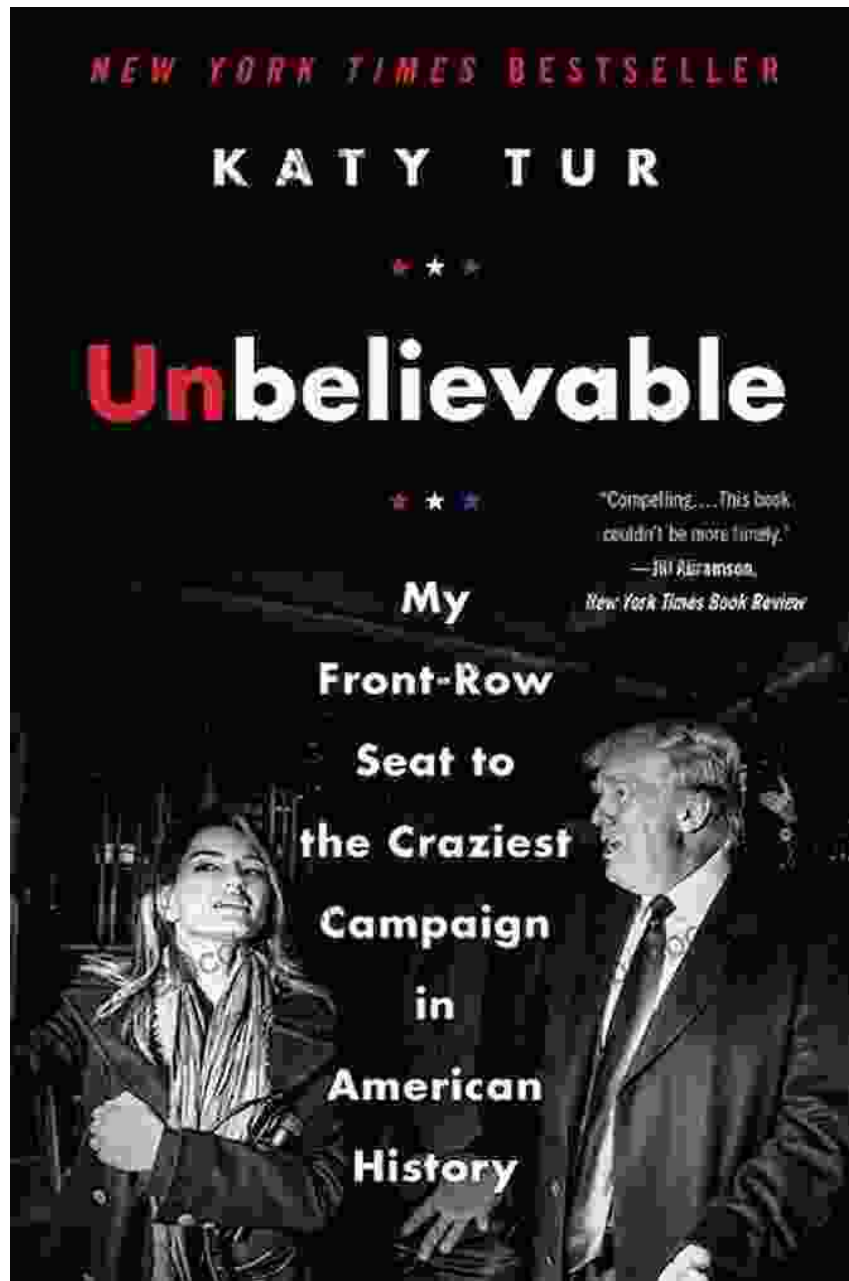

Despite all of the controversy, Trump won the election. He defied all odds, and he became the 45th president of the United States.

I was there for it all, and I have the inside story. In my new book, **\*\*My Front Row Seat to the Craziest Campaign in American History\*\***, I tell the story of the 2016 campaign from the inside. I reveal the secrets of Trump's campaign, and I offer my own unique insights into what happened.

If you want to know the truth about the 2016 campaign, you need to read my book. It's the only book that tells the whole story, from the inside.
