

# New Edition: Center for International Affairs at Harvard University

The Center for International Affairs (CFIA) at Harvard University is a leading research center that focuses on the study of international relations. The Center's mission is to promote a deeper understanding of the global system and to contribute to the development of effective policies for addressing global challenges.

The CFIA conducts a wide range of research projects on topics such as global security, economic development, and environmental sustainability. The Center's faculty members are leading scholars in their fields, and they produce cutting-edge research that has a significant impact on policy debates.

## Perception and Misperception in International Politics: New Edition (Center for International Affairs, Harvard University) by Robert Jervis
