# 4 Types of Questions

## FOR READERS

### 1 FACTUAL

Factual questions have one correct answer based on the text. Answers may be explicitly stated or require inferences.

Ex: "How many times did Jack climb the beanstalk?"

### 2 INTERPRETIVE

Interpretive questions have more than one good answer based on the evidence in the text.

Ex: "Why do you think Jack climbed the beanstalk for the third time?"

### 3 EVALUATIVE

Evaluative questions ask you to decide if you agree with the ideas in the text based on your own values or experiences.

Ex: "Should Jack be rewarded for stealing from the ogre?"

### 4 SPECULATIVE

Speculative questions ask about information that is not supplied in the text. Readers must guess or invent the answer.

Ex: "What did Jack do with the golden tub?"

## 5 Essential Core Teaching Strategies

Core teaching strategies are essential to help engage students in the classroom. Here are five core strategies all teachers should use.

1) **Set goals:** Set clear learning intentions and clarify what success looks like.

2) **Create lesson plans:** Create a lesson structure, including lesson activities and how to maintain engagement.

3) **Practice explicit teaching:** Clearly show students what to do and how to do it.

4) **Provide examples:** Provide a worked example of what is being taught.

5) **Encourage continual practice:** Give students multiple opportunities to practice.
