Diagnosis and Treatment

The first step in helping your child with autism is to get a diagnosis. This can be a challenging process, but it is essential to get your child the help they need as early as possible. The Parent Autism Sourcebook provides information on the different types of autism, the diagnostic process, and the latest treatment options.

Educational Options

Once your child has been diagnosed with autism, you will need to make decisions about their education. The Parent Autism Sourcebook provides information on the different educational options available for children with autism, including public schools, private schools, and home schooling.

Financial Assistance

The cost of raising a child with autism can be significant. The Parent Autism Sourcebook provides information on the different types of financial assistance available to families with children with autism, including government programs, private insurance, and non-profit organizations.

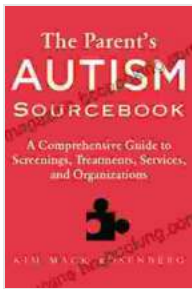

Other Resources

In addition to the information on diagnosis, treatment, education, and financial assistance, the Parent Autism Sourcebook also provides information on a variety of other resources for parents of children with autism. These resources include support groups, respite care, and advocacy organizations.

The Parent Autism Sourcebook is an essential resource for any parent of a child with autism. This book provides the information you need to help your child get the best possible care and support.
